Restore Defaults	Returns the DISPLAY settings back to default.

### ADVANCED DISPLAY OPTIONS PAGE

Draw Distance <b>SLIDER</b>	Allows the user to adjust the draw distance to better suit his/her setup. (Turning up the draw distance too far may result in frame rate instability.)
Frame Limiter <b>On / Off</b>	Normally the frame rate of Grand Theft Auto: San Andreas is capped at 30 frames per second. This option allows the game to go faster than 30 frames per second. Be warned that this will not magically make Grand Theft Auto: San Andreas run better, but rather may make your experience "more variable". We do not recommend un-locking the frame rate. If you have a fast machine, it is far preferable to increase resolution, detail options, anti-aliasing, etc. rather than trying to achieve a higher frame rate by un-locking the Frame Limiter. This will lead to a more variable game play experience.
Widescreen <b>On / Off</b>	This option is not as obvious as it sounds. Using the Widescreen toggle you can force a 4:3 aspect ratio resolution to use a 16:9 aspect ratio (so if Grand Theft Auto: San Andreas only offers you 4:3 aspect ratio screen resolutions to use, but your laptop has a 16:9 ratio widescreen display, then this will force the 4:3 resolution to look like 16:9, thereby sorting out the "squashed CJ" look). A proper 16:9 resolution displayed on a 16:9 screen does not need the use of the Widescreen toggle (or this will result in "skinny CJ").
Visual FX Quality <b>Low / Medium / High / Very High</b>	This option allows the player to change the depth and amount of in game effects to better suit his/her PC configuration.
MIP Mapping <b>On / Off</b>	Turns on and off the MIP mapping function of the game. This may be greyed out, in which case you are probably forcing Mip Mapping on in your video card drivers. Mip Mapping can help smooth transitions between different sized textures. This can be noticed most in roads that go away from the player.
Anti-Aliasing ( <b>Modes 1-6</b> )	Allows the user to select the level of Anti-Aliasing applied to the in game graphics. This will not necessarily offer all modes on all graphics cards; this is limited to what the hardware can do, and available video memory.
Resolution (640x480x32 - Highest your monitor allows)	Select the screen resolution to run Grand Theft Auto: San Andreas in. We do not recommend using 16 bit color modes if possible.

### LANGUAGE SETTINGS PAGE

This page allows the user to select which language to display on-screen text in: **English, French, German, Italian or Spanish.**

# WELCOME TO SAN ANDREAS

## A PORTRAIT OF SAN ANDREAS

**SAN ANDREAS** is one of the country's most diverse destinations, known for its huge size and incredible variety. San Andreas is justly celebrated for its 3 wildly different cities, each with their own style and attractions to offer - Los Santos with its celebrities and sprawling ghettos, San Fierro with its eclectic artist community, and Las Venturas with the glitz and glamour of casinos.

### SOCIETY

San Andreas is an ethnic microcosm, it receives the highest number of immigrants and its racial makeup is the most diverse in the world. Nearly every ethnicity and culture is represented in all of San Andreas. Some have said that the race diversity and the cohesiveness of its citizens should be looked upon as a model society for the world to emulate. Walk through any of the three most populated cities (Los Santos, San Fierro, and Las Venturas) and you are bound to witness a melting pot of diversity and ethnicities.

### GEOGRAPHY

As the largest state in the nation, San Andreas has a diverse topography. This is exemplified by the majestic Mount Chilliad in Whetstone, the dense forests of Red County, the dry deserts of Bone County and the scenic water fronts that surround the entire state. San Andreas is not just a celebration of man-made infrastructures but a true testament to Mother Nature's grace, scale and complexity in this great state.

### ECONOMY

As one might imagine with a state as enormous as San Andreas, the economy is a leviathan in itself. San Andreas' three major cities have a diverse range of what they contribute to the state's economy. For instance, Los Santos (Vinewood) continues to be a major world centre for motion picture, television and other related entertainment industries. San Fierro is the shipping capital of the nation (if not the world), where hundreds of cargo laden ships enter and exit its bay every day. Last but not least, we have San Andreas' cash cow...Las Venturas. A place where millions of people flock to every year to gamble away their children's college fund, life savings, the house, and anything else to fuel their "leisure pursuit."

# LOS SANTOS

## WELCOME TO LOLLY LAND!

Los Santos is truly one of the most audacious and must see cities of the world. The people are beautiful and their attitudes...well, that's for you to discover. The city has everything... whether you're jet-setting, roughing it or in between, it's ALL here. Los Santos is an urban wonderland with its Babel towers, labyrinth of criss-crossing freeways, side streets, rundown residential districts and glamorous neighbourhoods. Los Santos is a place where you can see it all and have it all.

# GETTING THERE

## LOS SANTOS

If you're coming in by air, your plane will touch down at the fourth busiest airport in the world, the Los Santos International Airport. Affectionately known as LSX, it was originally built as an airfield for the Los Santos Air National Guard. In 1942 after WWII, it was converted for commercial flights. Since then, millions of people have travelled through the terminals of LSX.

LSX is now the fourth largest airport in the world. The airport is made up of five gates that are connected by a U-shaped two level terminal. Kerbside check-in is available.

It is true that Los Santonians don't walk much...the city is so vast and public transportation is so limited, that a car or motorbike is simply the best way to get around. Having problems hailing a cab? We suggest you visit the posh areas of Los Santos for a fine selection of rides to "borrow."

### BBB TRAVEL TIPS

WHEN PLANNING A ROAD TRIP, KNOW YOUR ROUTE. IT HELPS TO PLOT YOUR COURSE ON A MAP.

PRESS THE **ESC** KEY, THEN SCROLL DOWN TO MAP. TURN THE LEGEND ON/OFF WITH THE **L** KEY. ZOOM IN/OUT WITH THE **PGUP**/**PGDOWN** KEY OR **MS** WHEEL. MOVE THE TARGET ON THE MAP AND DROP A NAVIGATIONAL WAYPOINT NEAR YOUR DESTINATION WITH THE **T** KEY. IT WILL APPEAR ON THE RADAR. # NEIGHBOURHOODS TO EXPLORE

## **RICHMAN**

Richman is one of the most exclusive neighbourhoods in all of Los Santos. The residents of Richman are from the more traditional old money sect. The houses are grandiose and so are their contents. Not that we're alluding to anything, but sometimes Richman residents tend to leave their doors unlocked. Find a Boxville truck and cruise around the neighbourhoods until you see something you like.

## **MULHOLLAND**

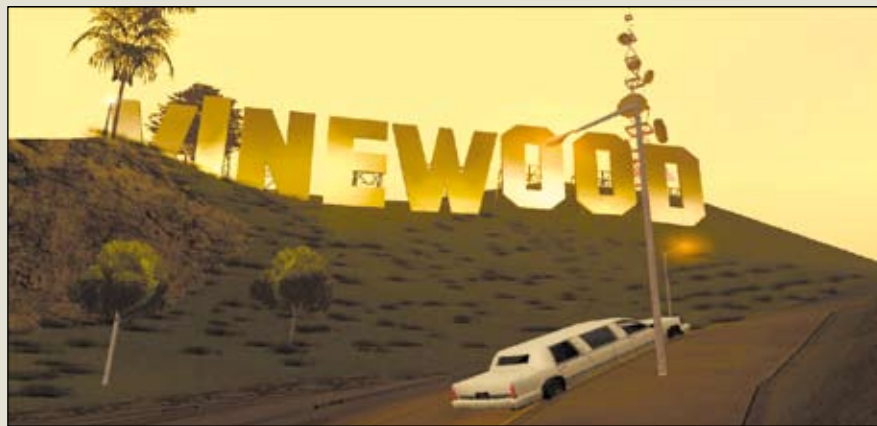

Mulholland is another exclusive neighbourhood in Los Santos. This neighbourhood is mostly composed of the newly affluent; Vinewood actors, rappers and record producers. This is considered the hippest neighbourhood and if you're talented enough to be invited to a party at Mulholland, celebrity sightings are guaranteed. The drive through Mulholland offers some spectacular views of Los Santos, but do exercise caution, the roads can be very windy and narrow.

# LOS SANTOS

## **DOWNTOWN LOS SANTOS**

As your flight approaches LSX, one of the first things you'll notice are the Babel towers of Downtown Los Santos. If you think this is a breathtaking sight from the air, wait til you're on the ground looking up. Feeling a little adventurous? Have a parachute handy? Some of the urban adrenaline junkies have been known to base jump off the skyscrapers in Downtown Los Santos...but the question is...do you have the güevos?

# WHERE TO... EAT

## LOS SANTOS

FOOD IS A VITAL PART OF LIFE AND WITHOUT IT YOU CAN'T REALLY FUNCTION. BUT MAKE SURE YOU DON'T OVERDO IT WITH YOUR FOOD INTAKE! THE SAN ANDREAS HEALTH BOARD RECENTLY DECLARED THAT OBESITY IS THE NUMBER TWO KILLER NEXT TO GUN VIOLENCE.

### BURGER SHOT

Located in Mulholland and the Marina district in Los Santos, this fast food chain is all about the beef... "Where's the beef," you ask? There's no question, you'll definitely find it here, along with preservatives and enough grease to clog your arteries. But it tastes so damned good! Not the healthiest of the eateries...but certainly the tastiest. Try out the colossal Meat Stack, for the meat head in all of us.

**BURGER SHOT**

### WORLD OF COQ

Going to fast food joints is all fine and good, when you're on your own that is. However, if by some miracle you get a date...you have to do a little better in dining. Our suggestion is that you give her the Coq, The World of Coq that is, located in the posh district of Rodeo. So come and enjoy the company of your date, the food, and we hope that you have an eventful evening.

# ENTERTAINMENT AFTER DARK

### TEN GREEN BOTTLES

A local bar in Ganton, if you're new in town we suggest you bypass this establishment. Located in the middle of Grove Street Families' territory, this is the type of bar where trouble WILL find you, whether you're looking for it or not. However, if you feel compelled to go we suggest you first stop off at the Ammu-Nation in downtown because you never know...

TEN GREEN BOTTLES

### THE PIG PEN

The Pig Pen is located in the Los Flores district and is the oldest gentlemen's club in Los Santos. The clientele at this fine establishment is quite varied, ranging from your average business types to gang members of Los Santos Vagos. Under the watchful eyes of the well armed bouncers, confrontations are not frequent but this is Los Santos and anything can happen. Just don't bump into anyone, make eye contact or be disrespectful and you should be okay. Be sure to tip the ladies, after all it is hard work, but don't fall in love.

# WHAT NOT TO MISS LOS SANTOS

## VINEWOOD

Your trip to Los Santos would not be complete without a visit to the motion picture capital of the world; Vinewood. We recommend a walk on Vinewood Blvd, where the only stars you'll see are the ones encased in concrete, on the Walk of Fame. However, if you'd like to see a real star, just call Vinewood's Chamber of Commerce to see when the next induction ceremony will be held. Besides the Walk of Fame there are other interesting landmarks to be seen...such as The Cathay Theatre and The Wee Regal.

## VERDANT BLUFFS

With over 2,000 acres of natural terrain, Verdant Bluffs is the largest municipal park and urban wilderness area in all of San Andreas. Situated on top of Verdant Bluffs is the historic Los Santos Observatory. Ideal for picnics and nature walks, Verdant Bluffs offers spectacular views of Los Santos.

## SANTA MARIA AND VERONA BEACH

Santa Maria and Verona beach are the oceanic playground for the beautiful residents of Los Santos. Sun seekers and health nuts alike flock to these beaches to show off their tans and muscles. The stunning stretch of golden sand that lines the shore is complemented by the famous Santa Maria Pier offering spectacular sunsets and ocean views. Just be sure to grab a bite at the famous Brown Starfish Bar and Grill.

## RODEO

If shopping is on your mind, then Rodeo is the place to visit. Designer clothing stores line the streets where money talks and everybody walks. This small area is the most expensive shopping district in San Andreas. Keep your eye out for budding actors and seasoned professionals as the Interglobal Television Studios is located near by.

# SAN FIERRO

**IF YOU'RE GOING TO SAN FIERRO BE SURE TO WEAR SOME FLOWERS IN YOUR HAIR**

Gone are the heydays when San Fierro was Mecca to the counter-culture of the 60s. Now San Fierro is a bustling metropolis with a laissez-faire atmosphere, a quality missing from its neighbours to the east. Where in Los Santos the trends are picked up and are used to death, San Fierro on the other hand is a trendsetter in everything alternative, from flower power to free love and gay rights; San Fierrians pride themselves on being individualist, down to earth and cultured. San Fierro is probably one of the most scenic cities in all of San Andreas. You have the street trolleys coasting up and down the hills, and when not obscured by the city's trademark fog, there are spectacular views of the San Fierro Bay and the world famous Gant Bridge.

# GETTING THERE

## SAN FIERRO

When flying into this fair city, you'll touch down on the tarmac of the Easter Bay Airport that is bordered by the San Fierro Bay, whether you're taking off or landing, be sure to catch the breathtaking aerial view of the city's skyscrapers and especially the Gant Bridge. The Easter Bay Airport offers convenient kerbside check-in and ticket purchases.

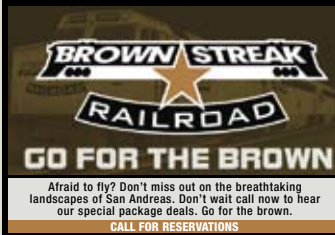

In just a few square miles, San Fierro packs as much in its waterbound peninsula as most cities three times its size. Sure, driving is the most convenient way to get around San Fierro...but how much can you really see out the window of a speeding vehicle? See San Fierro the old-fashioned way...walk around and discover this charming city. However, for the speed demon nestled in all of us careening down the hilly streets at breakneck speeds can be quite "accelerating" to say the least. Please note that there are plenty of nice rides all over San Fierro... so if you see something you like...ask the driver, maybe he'll let you borrow it for a couple of hours. Some of the best illegal street racing in the world takes place in the streets of San Fierro.

Need to get out of San Fierro in a quick fashion? Don't have money for a plane ticket? Or maybe you just don't like to fly? Whatever the reason may be...you can still hop on a train, Cranberry Station is located in the heart of the Doherty district so make haste.

# NEIGHBOURHOODS TO EXPLORE

## CALTON HEIGHTS

This is one of the most exclusive neighbourhoods in San Fierro. Victorian style townhouses are perched on hills overlooking the downtown area and if the view is unobstructed by the characteristic fog, you'll be able to see over into the bay. The world famous Windy, Windy, Windy Road is part of the lure of this high brow neighbourhood. These homes are worth millions of dollars and their contents probably more. If there's a Boxville truck in sight, take it for drive and see what opportunities might lie in wait.

## OCEAN FLATS

As the name suggests, this area is virtually flat and by the ocean. These middle class homes are quite quaint and have a high real estate value thanks in part to the waterfront as well as its close proximity to the hip Hashbury area.

## SAN FIERRO

## DOHERTY

Located in the industrial section of San Fierro, this neighbourhood is made up of warehouses, factories, and mid to low income housing lofts. In 1988, the Doherty district was devastated by an earthquake that levelled several blocks, and destroyed a countless number of properties. While most of the reconstruction has been completed, there are still visible signs of the earthquake's aftermath. If you're in the neighbourhood for affordable housing, the Doherty district has some real bargains in-store. Across the street from the driving school you can purchase a decent size apartment for the budget price of \$20,000.

## WHAT NOT TO MISS

# SAN FIERRO

### GANT BRIDGE

Possibly the most recognizable landmark in the country, this structure is a true man-made wonder and is the world's largest suspension bridge. Reaching across the San Fierro Bay, the Gant Bridge reaches lengths of 525 feet. We recommend that you start your tour of the Gant Bridge at the visitor centre located in the Juniper Hill district.

### HASHBURY

The most recognizable district in San Fierro, otherwise known as the birth place of the counter culture revolution, even to this day you can still find the original hippies walking in a cloud daze...probably from excessive use of LSD. Famous for its acceptance of alternative lifestyles, hippies old and new still congregate in Hashbury. Some of the best head shops, vintage clothing shops and record stores in the world are located here. Hashbury is a San Fierro staple and your trip would not be complete without a visit.

### ESPLANADE NORTH

Pier 69 is located here, with magnificent views of the San Fierro Bay and the Gant Bridge, Esplanade North is ideal for those quite romantic moonlit walks with your partner. The sunsets from the pier are spectacular to say the least...as the waning sun reflects off the water and ships of all types and sizes slowly glide to their destinations, Esplanade North truly epitomizes the serenity of San Fierro.

### CHINATOWN

San Fierro's Chinatown has the largest presence of the Chinese residents and culture found anywhere outside of China. Chinatown, San Fierro offers tourists a glimpse of an ancient culture joined together with the ways of the West. Recently, violence among the members of the Triad and Da Nang Boys has dampened Chinatown's appeal. So if you're planning a walk through to Chinatown, enjoy the sites and smells but please do keep a watchful eye.

# LAS VENTURAS

## VIVA LAS VENTURAS!

Conceived by a Los Santos mobster in the 40's and immortalized in numerous Vinewood films this famous San Andreas city is the world's gambling oasis. Home to bright neon lights, busy casinos, enormous hotels, wedding chapels, sinful nightlife, Belvis impersonators and the famous Strip, Las Venturas is the largest adult playground in the world.

Every year, over 40 million people travel to Las Venturas from all over the world to partake in all the activities that the city has to offer. In Las Venturas, everything is done and over done to a spectacular scale. The Las Venturas Boulevard, otherwise known as the "Strip," is lined with magnificent and grandiose structures. From a bronze tint pyramid that rises hundreds of metres high, to a full-scale pirate ship, you will begin to question whether Las Venturas is reality or fantasy.
